**Plastic Ocean Pollution Solutions**  
by Anika Ballent  
**and Growing Methods for Specific Orchids**  
hosted by John Reyes

**Monday, March 27, 2017**  
**Program starts at 7:00 p.m.**

Anika Ballent will give us her view of plastics and chemicals and their impact on the environment. Anika is employed by Algalita, a local environmental organization devoted to stewardship of the oceans.

Our President, John Reyes, will host a member-driven presentation on the growing methods employed to bring specific orchids in for ribbon judging.

We will have our usual activities: Ribbon Judging, Refreshments, and a super plant table.

**Refreshments**

Last names starting with **A through M** please bring refreshments.

## President's Message

We are getting into spring and it seems also dryer weather. So you need to tend to your orchids and regular garden as everything is in full blooming or growing mode. I had a few surprises when I checked my orchid bench this past week I had to do some quick staking. If you did not make the February meeting Tim Culbertson gave an excellent talk on new masdevallias hybrids we can grow in our conditions. I did not have much luck with the older varieties, I may try some of the newer crosses Tim suggested if I can find a vendor that sells them. We are still looking for members to step up to help the current SCOS Board particularly Janell Schuck who could use some help with the speaker program, she is willing to work with you if you have an interest. Also if you have not paid your SCOS annual dues please pay at the next meeting. We need everyone to participate to share their knowledge..

"Doing nothing is hard, you never know when you're done."

Peace, Love and Rock n Roll

John Reyes
